

Crispin School

Aspiration - Compassion - Excellence

06 November 2025

Dear Parents and Carers,

I hope that many of you have begun to see and hear about the positive changes taking place within the school gates. Whilst we are proud of the school we are shaping together, we remain focused on continually asking ourselves how we can make it even better.

As a team, we will continue to be reflective and to work closely with the Trust, our students, and- importantly-you, our parents and carers. Your voice matters greatly in helping us refine and strengthen all that we do, and we will continue to seek your views through surveys, parent information evenings and meetings. Clear and open communication sits at the heart of this, and we are determined to ensure information reaches every family in a way that works for them.

Our primary method of communication is BromCom, which allows families to receive messages, updates, and letters quickly and securely. We recognise there have been some teething issues with the app and appreciate your patience as we work through these. We remain confident that, once fully embedded, BromCom will be a powerful and effective tool in keeping everyone connected with school life.

We also understand that digital communication doesn't suit everyone. If technology or email access is difficult, families can now request weekly paper copies of letters and newsletters, which will be handed directly to your child. Please contact the school office by phone or email if this would help you.

Thank you for your continued support as we work together to strengthen every part of our school community. Your engagement makes a real difference to the success of our students and our school.

Yours faithfully,

Lee Cornwall
Acting Headteacher
