Making it work

Check Teams. All homework is set through Assignments in your Class Teams.

You have a week. Note the due date as soon as a task is set.

Plan around your week. Pick a slot on your planner before clubs and plans fill it up.

Little and often. Years 7–9: up to 30 minutes per subject per week. Years 10–11: expect more, focused on exam preparation.

Stuck? Ask your teacher before the due date, not after.
